# Getting know our *Simplicity* plans

## Who can purchase *Simplicity* Individual Plans?

*Simplicity* small group plans can be purchased by employers with 50 or fewer employees who reside in South Dakota, North Dakota and specific counties in Iowa and Minnesota. For a complete service area listing, visit [sanfordhealthplan.com](http://sanfordhealthplan.com). Your eligibility and rates will depend on the state and county where you reside.

## What is the BROAD provider network?

Sanford Health Plan's *Simplicity* broad network is grouped into two tiers. Member cost share (copayments, deductibles, and coinsurance) is based on the tier of the provider from whom they receive care. Tier 1 Preferred (which has the lowest member cost-share) includes our large care system of Sanford Health providers and facilities. Tier 2 Affiliated (which has a higher member cost-share) includes a broad network that expands beyond the Sanford Health system for providers and facilities within the Sanford Health Plan service area. To receive in-network benefits, see providers in this directory. Prior authorization for certain services is still required, regardless of where you receive care. If you cover a college student who resides outside of the Sanford Health Plan service area complete an Out-of-Area Form to request access to the nationwide network. If access is approved, nationwide network providers and facilities will process under Tier 2 benefits.

By using Sanford Health providers, you are not only receiving high quality care, but paying less for primary and specialty care visits. These are known as **Tier 1 providers**.

*Simplicity* gives you the freedom to choose the providers that work best for you and your health care needs, including non-Sanford providers that are currently in our broad network. These are referred to as **Tier 2 providers**.

# The coverage you and your employees need **+Wellness**

At Sanford Health Plan, we believe that workplace wellness isn't about short-term programs to motivate employees to eat healthier or exercise more. It's about helping employees be well by living well.

## Why is well-being so important?

Well-being is made up of six foundational areas, with each one affecting all other aspects of living well. At any time, there's a mix of these areas contributing to a person's health and wellness.

Our comprehensive and customizable approach to workplace wellness gives you and your employees resources and support for whole-person health.

## Our wellness resources include:

- ✓ Personalized wellness programming based on each individual's needs and goals
- ✓ Virtual health and wellness coaching
- ✓ Digital health and well-being tools, apps, and trackers
- ✓ Support for preventing and managing chronic conditions

# The coverage you need **+Perks**

When it comes to putting your employees first, new perks from Sanford Health Plan help you do just that. With +Perks, your employees have easy access to discounts from local and national retailers in a variety of categories, including:

-  Apparel
-  Auto
-  Dental
-  Electronics
-  Entertainment
-  Health and wellness
-  Restaurants
-  Vision

# Your health insurance shopping checklist

As you start shopping for health insurance, keep these five items in mind to help you find the right plan for your business

## Monthly premiums:

To maintain your coverage, you'll be required to pay a monthly fee known as your premium. Make sure this amount stays within your budget. You'll also want to know what you may be required to pay toward the monthly premiums of a spouse or dependent covered under your plan.

## Deductibles, copayments and coinsurance:

These forms of cost-sharing only come into play when you receive medical care. Make sure they're affordable for you and your employees, both for regular medical care as well as care for more serious or unexpected medical conditions.

## Medical provider networks:

If you have a preferred doctor or hospital, make sure they're in-network for any plan you're considering. Otherwise your claims may be denied or paid at a lower level. Sanford Health Plan has tools to see which plans your doctor accepts.

## Prescription drug coverage:

Some plans cover different prescription drugs than others, and some plans pay more toward prescription drugs than others. Sanford Health Plan has a prescription drug coverage comparison tool so you can see what you're estimated to pay based on your prescription needs.

## Member perks and discounts:

At Sanford Health Plan, we go beyond health insurance coverage by giving our members access to a variety of discounts from local and national retailers on products and services in a variety of categories. We also offer virtual care at no cost under certain plans and monthly gym reimbursements at participating facilities.

These perks can add up to savings, putting more money back in your pocket and increasing employee satisfaction.

Where can you learn more about your small group plan options, provider network, rates and other information?

We encourage you to work with your local insurance agent. You can also visit our website at [sanfordhealthplan.com](https://www.sanfordhealthplan.com) or call (605) 333-1089 or toll free at (888) 535-4831.
