**If you do nothing by December 7, 2022, we will automatically enroll you in our Align ChoicePlus (PPO).** This means starting January 1, 2023, you will be getting your medical and prescription drug coverage through Align ChoicePlus (PPO). If you want to change plans or switch to Original Medicare, you must do so between October 15 and December 7. If you are eligible for “Extra Help,” you may be able to change plans during other times.

## SECTION 2 Changes to Benefits and Costs for Next Year

### Section 2.1 – Changes to the Monthly Premium

Cost	2022 (this year)	2023 (next year)
<b>Monthly premium</b> (You must also continue to pay your Medicare Part B premium.)	\$0	\$0

- Your monthly plan premium will be *more* if you are required to pay a lifetime Part D late enrollment penalty for going without other drug coverage that is at least as good as Medicare drug coverage (also referred to as “creditable coverage”) for 63 days or more.
- If you have a higher income, you may have to pay an additional amount each month directly to the government for your Medicare prescription drug coverage.
- Your monthly premium will be *less* if you are receiving “Extra Help” with your prescription drug costs. Please see Section 7 regarding “Extra Help” from Medicare.

### Section 2.2 – Changes to Your Maximum Out-of-Pocket Amounts

Medicare requires all health plans to limit how much you pay “out-of-pocket” for the year. These limits are called the “maximum out-of-pocket amounts.” Once you reach this amount, you generally pay nothing for covered Part A and Part B services for the rest of the year.

<b>In-network maximum out-of-pocket amount</b> Your costs for covered medical services (such as copays and deductibles) from network providers count toward your in-network maximum out-of-pocket amount. Your plan premium and your costs for prescription drugs do not count toward your maximum out-of-pocket amount.	\$5,000	\$5,000 Once you have \$5,000 out-of-pocket for covered Part A and Part B services you will pay nothing for your covered Part A and Part B services from network providers for the rest of the calendar year.

Cost	2022 (this year)	2023 (next year)
<b>Combined maximum out-of-pocket amount</b> Your costs for covered medical services (such as copays and deductibles) from in-network and out-of-network providers count toward your combined maximum out-of-pocket amount. Your plan premium and costs for outpatient prescription drugs do not count toward your maximum out-of-pocket amount for medical services.	\$5,000	\$5,000 Once you have \$5,000 out-of-pocket for covered Part A and Part B services from network providers, you will pay nothing for your covered Part A and Part B services from network providers for the rest of the calendar year.

## Section 2.5 – Changes to Part D Prescription Drug Coverage

---

### Changes to Our Drug List

Our list of covered drugs is called a Formulary or “Drug List.” A copy of our Drug List provided electronically. **You can get the *complete Drug List*** by calling Member Services (see the back cover) or visiting our website ([GreatPlainsMedicareAdvantage.com](http://GreatPlainsMedicareAdvantage.com)).

We have not made any changes to our Drug List for next year. However, during the year, we might make other changes that are allowed by Medicare rules. We can also immediately remove drugs considered unsafe by the FDA or withdrawn from the market by a product manufacturer. We update our online Drug List to provide the most up to date list of drugs.

### Changes to Prescription Drug Costs

**Note:** If you are in a program that helps pay for your drugs (“Extra Help”), **the information about costs for Part D prescription drugs may not apply to you.** We sent you a separate insert, called the “Evidence of Coverage Rider for People Who Get Extra Help Paying for Prescription Drugs” (also called the “Low Income Subsidy Rider” or the “LIS Rider”), which tells you about your drug costs. If you receive “Extra Help” and you haven’t received this insert by September 30<sup>th</sup>, 2022, please call Member Services and ask for the “LIS Rider.”

There are four “drug payment stages.” The information below shows the changes to the first two stages – the Yearly Deductible Stage and the Initial Coverage Stage. (Most members do not reach the other two stages – the Coverage Gap Stage or the Catastrophic Coverage Stage.)

**Important Message About What You Pay for Vaccines** – Our plan covers most Part D vaccines at no cost to you, even if you haven’t paid your deductible. Call Member Services for more information.

**Important Message About What You Pay for Insulin** – You won’t pay more than \$35 for a one-month supply of each insulin product covered by our plan no matter what cost-sharing tier it’s on, even if you haven’t paid your deductible.

To stay in our plan, you don't need to do anything. If you do not sign up for a different plan or change to Original Medicare by December 7, you will automatically be enrolled in our Align ChoicePlus (PPO).

### Section 4.2 – If you want to change plans

We hope to keep you as a member next year but if you want to change plans for 2023 follow these steps:

#### **Step 1: Learn about and compare your choices**

- You can join a different Medicare health plan,
- -- OR-- You can change to Original Medicare. If you change to Original Medicare, you will need to decide whether to join a Medicare drug plan. If you do not enroll in a Medicare drug plan, there may be a potential Part D late enrollment penalty.

To learn more about Original Medicare and the different types of Medicare plans, use the Medicare Plan Finder ([www.medicare.gov/plan-compare](http://www.medicare.gov/plan-compare)), read the *Medicare & You 2023* handbook, call your State Health Insurance Assistance Program (see Section 6), or call Medicare (see Section 8.2).

As a reminder, Align ChoicePlus (PPO) offers other Medicare health plans. These other plans may differ in coverage, monthly premiums, and cost-sharing amounts.

## **Step 2: Change your coverage**

- To **change to a different Medicare health plan**, enroll in the new plan. You will automatically be disenrolled from Align ChoicePlus (PPO).
  - To **change to Original Medicare with a prescription drug plan**, enroll in the new drug plan. You will automatically be disenrolled from Align ChoicePlus (PPO)>
- To **change to Original Medicare without a prescription drug plan**, you must either:
  - Send us a written request to disenroll. Contact Member Services if you need more information on how to do so.

## **SECTION 5 Deadline for Changing Plans**

If you want to change to a different plan or to Original Medicare for next year, you can do it from **October 15 until December 7**. The change will take effect on January 1, 2023.

### **Are there other times of the year to make a change?**

In certain situations, changes are also allowed at other times of the year. Examples include people with Medicaid, those who get “Extra Help” paying for their drugs, those who have or are leaving employer coverage, and those who move out of the service area.

If you enrolled in a Medicare Advantage plan for January 1, 2023, and don’t like your plan choice, you can switch to another Medicare health plan (either with or without Medicare prescription drug coverage) or switch to Original Medicare (either with or without Medicare prescription drug coverage) between January 1 and March 31, 2023.

If you recently moved into, currently live in, or just moved out of an institution (like a skilled nursing facility or long-term care hospital), you can change your Medicare coverage **at any time**. You can change to any other Medicare health plan (either with or without Medicare prescription

drug coverage) or switch to Original Medicare (either with or without a separate Medicare prescription drug plan) at any time.
